# Introduction

NAPS (North American Pathway Services) is an organization that trains students to be successful in the post secondary academic world in Canada.

Through our partnerships with various colleges and universities, students can choose to take the college/university pathway. **NAPS** will assist you to get all necessary skills to enter college or university through our academic pathway programs.

**The program modules put emphasis on students' ability to perform in all aspects of the English language at a level that ensures high performance in their studies at the college/university level. After completion of the academic pathway program, the NAPS administration department acts as a liaison between the student and the partner college/university and assists the student with the application process.**

Many students come to Canada in order to learn English and also to continue their studies in the post-secondary academic world. Through NAPS' College/University Academic Pathway Program, students are able to first improve the foundation of their language skills before being trained in the skills they will need to continue on to post-secondary education.

# Language Partner

NAPS works in partnership with Study English in Canada (SEC).

Study English in Canada Inc. has been an established ESL school since 2002 and is a member in good standing with Languages Canada. With campuses in Toronto and Vancouver, SEC is dedicated to providing students with the highest standard of education in order to prepare them for further academic success. SEC provides students with a strong Academic Program in order to prepare them for life in the academic world.

- Programs Offered at SEC:

SEC takes into account the fact that students have different wants and needs when it comes to the focus of their studies. Because of this, we offer students various pathways to fit their needs. The first is the ESL pathway. This pathway gives students the basic foundation of the English language. From there, students can progress to more advanced programs. The second pathway is the Business Pathway. This is designed for students who want to gain experience in the field of business and the focus is on practical experiences and language and expressions that students will encounter. The third is the EAP pathway for those students who wish to further their education at the college or university level in Canada. Students also have the option to take exam preparation courses such as TOEFL, IELTS and Cambridge FCE and CAE.

**The EAP Program provides a strong emphasis on the students' ability to perform in all aspects of the English language (reading, writing, speaking, listening and grammar) at a level that ensures high performance in a university and/or college. The EAP curriculum is designed to cover the needs of the students and thus includes reading and listening activities related to college/university lectures. The students are also instructed in how to research and write formal essays and how to improve their pronunciation, vocabulary and confidence in speaking through such forms as debates, seminars and presentations.**

**Students are monitored on a weekly basis through their homework assignments and presentations. In order to successfully complete the EAP program, students must score between 70-80 band on the CAEL test for college and 80-90 band for university entrance.**

# Students' Choice: College vs. University

While some students choose to pursue higher education at the university level, others prefer to study at the college level. Both levels of schooling have advantages

## *College:*

- More flexibility in terms of length of study. Courses range in length from 1 year Certificate programs to 2 Year Diploma programs to 3 Year Advanced Diploma courses.
- Courses are more focused on career oriented goals
- Offer Post-Graduate Certificate programs

## *University:*

- Grant degrees: Undergraduate and Graduate
- Offer Masters and PhD programs
- More academic oriented

# *College Programs*

# ***College Academic Pathway Program (Certificate and Diploma programs)***

The College Pathway is designed to first make sure that the student has a strong enough language foundation before moving on to college preparation programs. Depending on their level, the student may study ESL at our partner school Study English in Canada. Upon completion of SEC's level 7 in the general English program, the student will continue in their journey by entering SEC's English for Academic Preparation Program. This 12 week program provides students with the tools that they will need to be successful in a college setting. When a student successfully completes the EAP program at SEC, they will have fulfilled the language requirements for our partner schools.

## ***NAPS Pathway Procedures***

1. Meet with Home Country Counselor to obtain information about NAPS Pathway and college of interest
2. Take NAPS Overseas Placement Test.
3. Register for NAPS' Academic Pathway Program and NAPS will assist the student to apply to college at the same time.
4. NAPS will then issue the student 2 letters of acceptance:
  - a. NAPS Letter of Acceptance (Language Institute)
  - b. Conditional Letter of Acceptance from College
5. NAPS will arrange the homestay and airport pickup if requested.
6. After arrival, NAPS counselors will have one-to-one guidance counseling with students throughout the Academic Pathway program and will continue to assist students with college preparation.
7. Begin Studying at college.

# College Pathway for Immigration Program

The Canadian Government has passed a program called “Canadian Experience Class (CEC)”, in which international students who have studied and graduated from a Canadian university or college program and worked for at least one year are qualified to apply for permanent resident status. For international students, staying and working in Canada has become easier than ever. NAPS will prepare you to enter a College or University program by training you with all the skills necessary to succeed at a post-secondary level through the College Pathway for Immigration Program.

## NAPS Pathway Procedures

1. Meet with Home Country Counselor to obtain information about NAPS Pathway and college of interest
2. Take NAPS Overseas Placement Test.
3. Register for NAPS’ Academic Pathway Program and NAPS will assist the student to apply to college at the same time.
4. NAPS will then issue the student 2 letters of acceptance:
  - a. NAPS Letter of Acceptance (Language Institute)
  - b. Conditional Letter of Acceptance from College
5. NAPS will arrange the homestay and airport pickup if requested.
6. After arrival, NAPS counselors will have one-to-one guidance counseling with students throughout the Academic Pathway program and will continue to assist students with college preparation.
7. Begin Studying at college.
8. Upon graduation from college/university, graduates are placed in the job field

# University of Fraser Valley: Vancouver and area, B.C.

www.ufv.ca | Partnership Level: 1

UFV is nestled in the beautiful Fraser Valley just east of Vancouver, British Columbia, Canada, UFV has campuses in Abbotsford, Chilliwack, and Mission, with regional centres in Hope and Agassiz, and a growing presence in Chandigarh, India. In Fall 2007, we began development of a beautiful new 80-acre campus in the Canada Education Park along the historic Vedder River in Chilliwack.

The Fraser Valley is growing quickly and is one of Canada’s most ethnically diverse regions. We’re surrounded by spectacular mountains, incredible scenery, fertile farmlands, and great recreational ideas for everyone in every season. Our communities are safe, our housing affordable — especially if you’re able to live at home — and our cities are close to Metro Vancouver, the United States border, and the Abbotsford International Airport.

# Seneca Seneca College: Toronto, Ontario

www.senecac.on.ca | Partnership Level: 2 & 3

Seneca offers more than an education. With campuses throughout the Greater Toronto Area, Seneca's size and diversity give students the advantage of partnerships with industry leaders, the latest in hands-on computer technology, a variety of class sizes, and full-time, part-time and continuing education options. Education should be flexible and accessible, so Seneca also employs various methods of teaching – from in-class lectures and online learning to co-op and field placements – in programs related to applied arts, business, financial services, and technology.

Full time students: 18,000

<b>Visual Arts and Design</b>	Art Fundamentals, Applied Photography, Crafts and Design-(Ceramics, Fabrics, Furniture, Glass), Interior Decorating, Visual and Creative Arts, Visual Merchandising Arts	Diploma: 2 years Advanced Diploma: 3 years	\$13,241-\$16,098	\$600-\$1000	\$10,000

# *University Pathway Program*

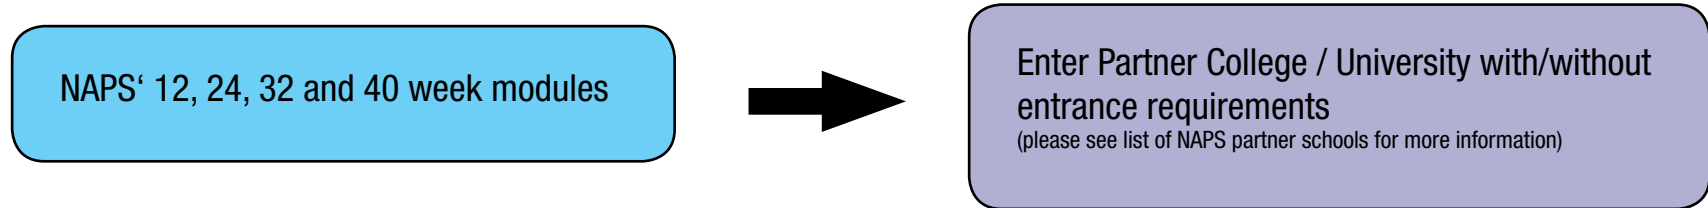

# University Pathway

Undergraduate Pathway: This pathway is designed to prepare students for the experiences and challenges that they will encounter in Canadian Universities.

- Strong emphasis on abilities in all aspects of language (reading, writing, listening, speaking, writing)
- Curriculum based on college/university lectures and readings
- Researching and writing formal essays
- Developing and improving pronunciation, vocabulary and confidence in speaking through debates, presentations, and seminars
- Weekly monitoring through homework assignments and presentations
- Bi weekly practice tests and monthly mock CAEL exams
- Final exam based on CAEL exam (70-80 for college, 80-90 for university)

## University Procedure Chart

## Partner School (University)

School	Location
Fairleigh Dickinson University	Vancouver BC
St. Mary's University	Halifax, Nova Scotia
Laurentian University	Sudbury, Ontario

# Fairleigh Dickinson University: Vancouver, British Columbia

Partnership Level: 2

As a leading innovator in global education, Fairleigh Dickinson University seeks new ways to offer its unique learning opportunities to students worldwide. The University's newest campus opened in 2007 in **Vancouver, British Columbia**. Located in western Canada near the U.S. border, Vancouver is one of the world's most scenic, cosmopolitan and multicultural cities.

FDU-Vancouver offers undergraduate students one of the few opportunities to **earn an American college degree while studying in Canada**.

FDU-Vancouver welcomes students from around the world to create a culturally diverse learning environment. FDU-Vancouver offers resources to students who need additional support in developing their English-language skills before starting degree studies.

## Main Programs:

Program	Areas of Study	Length and type of study	Tuition/year	Estimated cost of books/materials per year	Additional Estimated costs per year
<b>Bachelor of Science in Business Administration</b>	<ul style="list-style-type: none"> <li>- Concentration in International Business (required) and/or Information Technology</li> <li>- Minors in Finance or Marketing</li> </ul>	4 years	\$18,496	\$650-\$700	\$10,000- \$12,000
<b>Bachelor of Science in Information Technology</b>	<ul style="list-style-type: none"> <li>- Web Development</li> <li>- Network and System Administration</li> <li>- Web development and System Administration (Dual Concentration)</li> </ul>	4 years	\$18,496	\$650-\$700	\$10,000- \$12,000

# Saint Mary's University

# Saint Mary's University: Halifax, Nova Scotia

www.smu.ca | Partnership Level: 2 & 3

Halifax has the features of a big city in a small, compact city setting. Nestled on the edge of the Atlantic Ocean, this cosmopolitan port city offers the best of two worlds – a rich history with a close connection to the sea and a vibrant, young culture. As Nova Scotia's capital, Halifax is the major centre of the Maritimes and is also the largest city east of Quebec City and north of Boston. Halifax is also one of the oldest cities in Canada and provides a blend of history, culture and modern amenities.

## Main Programs:

Program	Areas of Study	Length and type of study	Tuition/year	Estimated cost of books/materials per year	Additional Estimated costs per year

## Why NAPS?

- **Individually customized student care system**
  - o Counseling begins from home country, continues throughout entire stay in Canada
  - o Frequent monitoring of student to observe progress
  - o Communication between instructors, academic teams and students ensures students are prepared for further studies
  - o Counseling coincides with rapid reporting system for partners and parents overseas
  
- **Intensive and professional academic programs and quality:**
  - o Program is based on a strong academic curriculum
  - o Small class settings ensure ample time with instructor
  - o Students are prepared for both academic and social aspects of higher education in Canada
  - o Evaluation system is based on CAEL examination (used by colleges and universities throughout Canada)
  - o 3 mock CAEL exams throughout program, prior to final exam
  
- **Fully service mind equipped professional housing service dept.**
  - o On site housing (homestay) services
  - o 24 on call homestay coordinator
  - o highest quality homestay placements
  
- **Cultural diversity:**
  - o Highly multi-cultural classes
  - o Experience different cultures including Canadian
  - o Class discussions incorporate cultural information from all over the globe
  
- **Benefits of Urban Centres**
  - o Toronto or Vancouver Pathway Centres
  - o Both cities are home to exciting festivals, nightlife, and nature and tourist attractions.

## Program Start Dates:

2012	2013
January 3	January 28 2013
January 30	February 25 2013
February 27	March 25 2013
March 26	April 22 2013
April 23	May 20 2013
May 22	June 17 2013
June 18	July 15 2013
July 16	August 12 2013
August 13	September 9 2013
September 10	October 7 2012
October 9	November 4 2013
November 5	December 2 2013
December 3	December 30 2013

In order to begin the EAP program, students must reach or be equivalent to SEC level 7 (TOEFL ibt 60, IELTS 5.0)
